

*Join us for Special Lecture & Discussion*

**Wednesday, September 28 – 404 Grinter Hall**

***"Conservation challenges and opportunities in the Amazon and beyond: observations from Peru in light of the new Kuczynski administration"***

By

**Connie Campbell**

TCD Alumna & Researcher,

UF's Environmental Governance Program  
in Madre de Dios, Peru

**Biography:**

Connie Campbell received her MALAS/TCD and PhD Anthropology degrees from UF. She lived and worked for many years in Acre, Brazil and has managed multi-country conservation programs at The Nature Conservancy and USAID. She currently lives in Lima and works on Andean Amazon projects, including UF's environmental governance activities in Madre de Dios, Peru.
