

The Valle lab (SFRC), The ADN & the TCD Program proudly invite you to the  
Special Talk & Speaker lunch:

# ***Infrastructure in the Amazon: Setting an agenda for climate change, biodiversity and human rights***

Ana Cristina Barros  
The Nature Conservancy, Brazil

Ana Cristina Barros is the Director of Intelligent Infrastructure in Latin America for the Nature Conservancy in Brasilia, Brazil. She completed her undergraduate degree in Ecology and Biology at the Federal University of Rio de Janeiro. Ana Cristina has an extensive background in environmental issues in Brazil, including work with the Instituto do Homem e Meio Ambiente da Amazônia (IMAZON), the Forest Stewardship Council (FSC), the Instituto de Pesquisa Ambiental da Amazônia (IPAM), and the Ministério do Meio Ambiente (MMA). Contact her at [ac.barros@TNC.ORG](mailto:ac.barros@TNC.ORG).

**Wednesday, Nov 30**  
**3:30-4:30pm**  
**Grinter 376**
