Join us for Tropilunch!!

Learning to Link Conservation and Development with Science and Higher Education in Southern Africa

Talk by Brian Child, PhD
Associate Professor
Geography Department

October 7th
12:45-1:45pm
Grinter 376

Biography:
Dr. Child is an Associate Professor in the Geography Department and the Center for African Studies. He earned a Bachelors degree from University of Zimbabwe and a PhD from Oxford University. His areas of specialization include protected area management and community-based conservation of natural resources. His regions of expertise include Kenya, Mozambique, South Africa, Zambia, Zimbabwe, Botswana, and Namibia.

Tropilunch is a weekly seminar run by graduate students from the Tropical Conservation and Development (TCD) Program. It provides a forum for a range of discussions and presentations related to TCD work and research. Students are provided with an opportunity to present and discuss their research projects with peers and faculty. In addition, discussion sessions on issues of current interest are also held. Visiting scholars and conservation practitioners also participate when available. It is held every Tuesday at 12:45 p.m. in Grinter 376.
